## MAYOR'S MESSAGE

---

Hello, everyone!

Wow, what a winter we have had this year. I know you all have felt the pain of snow removal, but no one feels it more than our Public Works Department. This winter they have used 775 tons of salt and 20 plow blades!!! This reminds me of years long ago. When I was young, this was the kind of snowfall we had every year. It is certainly what we have needed for a long time. I can't help but think this will fill our reservoirs. I sure hope so anyway.

We have good news! General RV came in and applied for an application to build a new RV sales business in our city. It will be located in the west end of the city on 475 E and Old Fort Road. We had their representatives at our last City Council Meeting. This will be a great addition to our commercial businesses in the city. It will bring in some much needed sales tax revenue. On that same note, we also have Wasatch Dermatology that is getting ready to construct their new facility on 2700 E, east of Maverik. This also will be a great addition to the city.

As we look forward to spring and warmer weather, I hope everyone is doing well. I can't wait to see everyone out and about, doing spring clean-up and getting their yards ready for summer.

Thanks for making South Weber GREAT!!!

## 2023 SPRING CLEAN UP

Spring has sprung, and it's time to clean up! South Weber's 2023 Spring Clean Up is just around the corner, and we're ready to help you get your yard in tip-top shape. On April 22 from 8am to 2:30pm, head down to Canyon Meadows Park and take advantage of Robinson Waste's dumpsters for green waste. It's the perfect opportunity to clear out any excess branches, leaves, or trimmings you've been collecting over the winter months.

Remember, this event is for residential use only, and we can't accept concrete, dirt, sod, rocks, manure, liquid waste, pesticides, chemicals, medical/hazardous waste, items longer than 10 feet, or tires. But don't worry, we've got plenty of room for all your green waste!

So grab your gardening gloves, put on some upbeat music, and let's get cleaning! We can't wait to see you at South Weber's 2023 Spring Clean Up!

## BUDGET PROCESS

**January:** Council Budget Retreat

**January-March:** Budget Development

**March:** Budget Committee Review

**April-May:** City Council Review

**May-June:** Public Involvement

**June:** Adoption

**August:** Property Tax Rate  
Adjustment (if proposed)

**Ongoing:** Monitoring and Revision

**Repeat**

## PROPOSED UTILITY RATE CHANGES

As stated in the current Proposed Budget (to be adopted on July 1, 2023), you will see rate increases on two portions of your utility bill beginning July 1.

Robinson Waste has increased their collection charge for South Weber residents, resulting in a 2% increase in the garbage rate (\$15.15 for one can).

Additionally, the Storm Water Rate will increase by 3% to keep up with inflation (\$16.22 per month). These funds will go towards maintaining our current storm water system as well as preparing for future storm water projects.

Any budget updates will be posted to our website!

## SPRING CODES TO REMEMBER

Spring is FINALLY here!! As we celebrate the warmer weather and the smell of flowers and rain, we'd like to remind you of two very important city regulations!

Trailers cannot be parked on the street for more than 48 hours at a time in one location.

Any weeds over 6 feet high need to be cut down and removed to prevent fire hazards.

By following these codes, you can be a good neighbor and avoid any citations!

## SECONDARY WATER

Did you know that South Weber is served by four different secondary water companies depending on where you live in the city?

These providers include Weber Basin Water, South Weber Water Improvement District, Davis Weber Counties Canal Company, and South Weber Irrigation.

Visit the South Weber City website for a map and links to your secondary water provider. This information will provide details on when the secondary water will be turned on as well as contact information for your specific provider for any questions you may have!

We are hoping that with the snowpack this year we will be able to water a little bit more than last year, and are very excited to be able to drive through South Weber to admire the beautiful landscapes all of you work hard on every year!

## SENIOR LUNCHES

Hey, Seniors of South Weber! Have you heard about the Senior Lunches we hold every other month?? For just \$3, come enjoy lunch with your friends and neighbors of the 55+ Community in the City!

We're really excited for our next one coming up on April 21, because our very own Mayor Westbrook will be there to answer any questions you may have on anything city related!

We hope to see you there!

## CONCERTS IN THE PARK

Come one, come all! We are excited to invite you to the City's Summer Concert Series starting on May 25, 2023. The concerts will be held on the last Thursday of every month (except August due to Country Fair Days) and will conclude on September 28, 2023.

Come and enjoy great music, delicious food trucks, and various games and activities at each concert. Bring your family and friends and spend a relaxing evening with us.

The Summer Concert Series is a great way to celebrate the warm weather and get to know your community better, so grab a blanket, bring your loved ones, and come enjoy the warm summer weather with us!

## ADULT SUMMER SPORTS SERIES

Attention all adults (18+) in South Weber City!

Get ready for an exciting summer of sports with South Weber City's Adult Summer Sports Series. From April to July, come to the FAC every Saturday from 6pm to 8pm to play a variety of sports for fun.

- April: Cornhole
- May: Pickleball
- June: Softball
- July: 9-Square

The cost to participate is \$2 per person, unless you have a membership at the FAC, in which case, the events will be free of charge.

We will also be selling t-shirts that give you free access to all events for the entire year! Don't miss out on this opportunity to have fun and stay active with your friends and neighbors!

## PROJECTS

Here's a fun fact! If you are curious about South Weber's construction projects, you can view a map of our past, current, and upcoming projects throughout the city! Scan the QR Code and take a look at what's planned! If you want more information on a certain project, simply click on the project location!

## ELECTIONS

There will be 3 Council Seats up for election this upcoming November and the candidate filing period will take place in June.

Look out for the official notice of the filing period on May 1.

Visit our website for any information as we receive it for the election.

## VEHICLE BURGLARIES

Spring is finally upon us, and along with it, the criminals from the statistics (New Girl Reference, anyone?).

Did you know that a majority of vehicle burglaries aren't due to forced entry? An open garage and unlocked car is an open invitation to a car thief, so when you are leaving your car unattended, lock it and close your garage door!

Don't leave anything of value in your car-electronics, purses, packages, boxes etc.

By following these precautions, you can prevent vehicle theft from happening to you!

## CITY HALL REMODEL

City Hall is in need of a facelift, and we are excited to tell you that renovations are now in progress! Follow our Facebook page for updates on any disruptions in city office services as well as progress pictures!

CUSTOMER

## STREET MAINTENANCE

Remember this crazy contraption? With its help we were able to get a good look at the conditions of every road, sidewalk, curb, and gutter in South Weber. These conditions were then graded and input into a software that helped us put a priority list together of streets we can repair within our budget.

This summer, you can expect to see work being done throughout the city to improve our road conditions. This work includes mill & overlay (paving roads), chip and seal, and striping being refreshed on every road.

## CONNEXT UPDATE

Connext Fiber has hit the ground running here in South Weber, and crews are hard at work making their way through the city and installing fiber within the right-of-way.

This right-of-way may fall on your property. If you have any damage that needs to be fixed due to their digging, you can call or text them at 385-298-1525.

If you would like to stay updated on where they are, what they're doing, and how much work they have left, feel free to follow their facebook page! If you see crews out in your neighborhood, wave hello!

These past winter months have been absolutely crazy and the amount of snow we've seen has been both exciting and stressful. But thanks to this crew, that stress was minimal due to their hard work and dedication to making sure our streets stayed plowed throughout the many snowstorms we had.

We want to give a big THANK YOU to our Public Works Department for the time and energy they gave to keeping our roads safe this winter.

On that note, did you know that National Public Works Week falls on May 21-27 of this year? This department does a lot for our city-some things you and I don't even really think about, so a big kudos to them! We appreciate you more than you know!
