- ▶ Suspicious
- ▶ Several complainants called to report shots fired at an address in SW. A neighbor who wishes to remain anonymous had surveillance video of what appeared to be a male firing a handgun in the backyard several times and then leaving in a gold passenger vehicle. There is an extensive history at this house with an individual who is known to have made threats against LE and reportedly owns several firearms. The neighbors did not want to give the surveillance video to the deputy for fear of retaliation. As LE has no evidence of the crime, no action was taken on the current complaint. Several extra patrols have been completed and deputies are working on identifying the suspect
