7. Resolution 24-30: Approving a South Ogden Fire Memorandum of Understanding (MOU) The state of Utah authorizes mutual aid agreements between entities. Response to incidents along I-84 has caused confusion in the past and the desire is to clarify dispatch assignments. South Weber Fire Department will provide emergency response services for incidents occurring on I-84 east of Highway 89, which is within South Ogden's EMS-licensed area. South Ogden Fire Department will maintain responsibility for all other EMS responses within its licensed area. This agreement does not replace existing mutual aid agreements but rather enhances the coordination of emergency services.

Councilman Dills asked why it only benefits South Ogden. City Manager David Larson responded the cities are already operating according to this agreement. South Ogden City requested changes to clarify areas of I-84 East of Highway 89 for dispatch purposes and Chief Tolman agreed.

Councilman Halverson moved to approve Resolution 24-30: Approving a South Ogden Fire Memorandum of Understanding (MOU). Councilman Davis seconded the motion.
