City Council & Planning Commission

Subject

School Zone Signs

Comment or Message

I am requesting again to have the "flashing" school zone sign moved farther west on Lester Drive to cover the K-2nd grade building. I pick up my child daily and continue to notice vehicles traveling at higher speeds in front of this school building. Kids and parents cross Lester Drive at various spots. I am requesting the signs to be moved farther west for the safety of the students and parents along Lester Drive.

v/r,
Glen Robinson
