## **Mayor's Corner**

I hope that everyone had a wonderful Holiday! 2016 was a year with many changes, some which were good and some which were bad. I hope that 2017 will be a great year for South Weber and all our residents. By way of information, Davis County passed both tax increases for the property tax and the Library.

Mayor Tammy Long

## **Public Safety Message**

The SWC Fire Department has gone through many changes over the last few months and we are so grateful for all of those that are willing to volunteer for their city to keep the public safe. We want to assure all South Weber Citizens that you are protected and that we will be ready for you in your time of need.

Currently, the fire department is fully staffed at the station from the hours of 8:00 a.m. to 6:00 p.m. After hours calls will continue to be covered by our volunteer firefighters, who will respond from their homes.

Chief Derek Tolman has been hired to be the Fire Chief and he brings with him expertise in the fire service from his years in Salt Lake City.

We look forward to working with the great citizens of

South Weber!

Thank you,

SWC Fire Department

HAPPY NEW YEAR

## Water Conservation Inside the Home

"It would be unwise for Utahns to take drinking water for granted. As our population increases so does the demand for water resources, treatment plants, and water delivery systems. Conservation is no longer just a good idea; it is absolutely necessary for the future success of our state."

Top things to do inside the home to conserve water:

- Install low flow shower heads, toilets & sink aerators
- Repair all leaks
- Install new appliances that use less water
- To check leaks in the toilet: put food coloring in the tank, if the color appears in the bowl without flushing there is a leak
- Find creative ways to not have to do so many dishes: Use 1 glass per person per day; if you wash dishes by hand, fill one basin with clean water for rinsing and a smaller basin or pot with soapy water instead of running the water.

## Code Enforcement Notes

Please keep your sidewalks clear; if you have property within South Weber City that is bordered by a sidewalk it is your responsibility to keep it clear. As we receive complaints, and then respond to them, we will first issue a documented verbal or written warning and then issue a citation. Hopefully, we will be willing to help our neighbors that cannot get out and take care of their own properties. We understand that a little wind can make removing snow a never-ending process, but we do hope that by working together we can make all of our sidewalks safe for our residents traveling on them daily.

Additionally, we enjoy seeing the creative welcome home signs on the fence of the off ramp of 89; however, we would ask that it be removed immediately after the individuals see it. If it continues to cause a disturbance for other residents and city staff personnel, unfortunately, we will have to ban the activity and the violations will be dealt with by the sheriff's office. On a side note, the city has collected over 1000 red solo cups this last year and they are semi clean if you're interested.

Thank you,  
Chris Tremea
