MAYOR'S MESSAGE

It's hard to believe, but it is now the month of July. Graduations were several weeks ago. Let me begin by congratulating all of those who graduated from high school, college, or any other form of education. Great job! I wish all of you well in whatever your future holds.

You may have noticed that the dust situation with the Parson gravel pit has not been as bad lately. They have changed their procedure of operations and have capped and seeded the banks in the south and west areas, which have help with the dust. We continue meeting with them on a regular basis.

This looks like another busy summer in South Weber. We have several new subdivisions being developed this year, still a lot of work being done on the eastside of town with the large Weber Basin Water project, and perhaps you've seen work by the soccer complex where our new Public Works Facility is being constructed. Also, just west of that is a new housing subdivision.

There are lots of summer sports programs and activities for our youth to take advantage of, hopefully you have your kids involved in those. The fall programs will be here before you know it too. We've had our first two Concerts in the Park. They went great! The next one is at the end of this month, so come out and enjoy the evening. I think you'll have a good time. There will a total of 4 concerts this year.

South Weber Days just keeps getting better and better every year. Please come out and get involved with all the activities they have. It makes for a closer community the more we all get involved. I hope everyone has a great summer and enjoy the time you have with your friends and families with all the summer fun things you have planned. Thanks for making South Weber the greatest city in Utah.

-Mayor Westbroek

WEEDS, WEEDS

We're here to talk about something important: keeping our beloved city clean and safe for everyone. In Chapter 4, Section 2 of our regulations, we've got some guidelines to ensure that our properties stay spic and span and that we don't let any nuisances creep in.

Let's start with the dreaded "J" word: junk. Now, we all know junk can be an eyesore, right? So it's essential that property owners, occupants, and managers do their part and make sure junk doesn't pile up on their premises. Let's keep our community looking fabulous and eliminate any safety hazards that junk may pose. Remember, a clean city is a happy city!

Next up, we have our green invaders: weeds. They may seem harmless, but trust us, they can cause trouble. Property owners, listen up! It's your responsibility to tame those weeds that grow taller than 6 inches. Why? Well, weeds can become fire hazards, contaminate our surroundings, and provide cozy homes for creepy crawlies. Let's kick those weeds to the curb and create a safer and healthier South Weber City!
